MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Inspector General Survey of the Office of Security,
July 1954

REFERENCE : Memorandum from Deputy Director (Support) to
Director of Central Intelligence, dated 4 April
1955, re: Subject Above

1. On 4 April 1955, the referenced memorandum summarized for you the various recommendations of the Inspector General made in his Survey of the Office of Security, together with the action that had been taken on each matter. It was then indicated that on 1 June 1955, you would receive a final report covering only those items identified as Categories C, D, and E, attached as Tabs to the 4 April report. These were items where action was in progress, where further study was being undertaken or where a straight non-concurrence had been registered by the Office of Security with the Inspector General findings.

2. A review of the whole matter at this time indicates to me that there remain only two recommendations of the Inspector General on which supplemental comment is indicated at this time. These are both in the Category designated as "D" in the 4 April report, and are attached herewith as Attachment 1. Since the position of the Office of Security on the recommendations designated as Categories C and E was fully set forth on 4 April, and in view of the fact that there has been no change since that date, I would recommend that these Categories be considered closed.

3. A copy of this Report is being sent to the Inspector General for his review to ensure that our belief that the entire matter stands adjusted now is consistent with his point of view.
